## Transition to Play Program

### 9 - Hole Golf League

Upon completion of Deer Creek's WTG Instruction program graduates are invited and encouraged to participate in our weekly 9 - hole golf league. This will be a great way for you to implement the skills you have learned and developed at the practice range onto the actual golf course. Your instructor will assist you with check-in, starting times, scoring, on-course play, rules, and completion of play procedures each week. You may join the league at anytime during the season and play in a non-competitive, non-intimidating environment. Our unique "Personal Par" system is a way for you to measure your progress on the golf course.
